

# MYOKO - DINING GUIDE

## Zen

Inside the Silverhorn Hotel in Shin-Akakura, you can arrange a complimentary pick-up from any Myoko accommodation. The highlight of Zen is the constantly changing Western-Japanese fusion set menu paired with freshly made cocktails.

## Arakin Ramen

While the name gives away their main dish - Ramen - think of the menu more of izakaya than just ramen.

## The Roastery by Nojiri Coffee Company

Specialising in authentic Californian cuisine (read; mouthwatering burgers and wings), craft beer and of course specialty coffee. Being right on the lake the Roastery offers unique views and an experience away from the mountain.

## Menya Ashita

The 'Menja' part of Menya Ashita simply means they sell noodles. A ramen restaurant just outside of Myoko is worth the trip. Visually appealing and with generous portions, the thickness of their broth goes a long way in solving the headache from the sakes the night before.

## Pontaro

Near the Akakura Kanko Resort Gondola, this izakaya restaurant is a great option to indulge in traditional Japanese dishes with variety.

## **Nihontei/Tsugemi**

These two restaurants share the same owner and only three kilometers apart. Offering varying menus but both committed to delicious food.

## **No Name Myoko**

Owned and run by Kimi and Miyu from Japow House, it is right across from Myoko Snowsports. Incorporating as many local Myoko ingredients as possible their dishes include croque monsieur, smoked chicken peperoncino and other treats. Paired with beers, sakes and Nagano hot apple cider.

## **Yabu Soba**

Directly across from the post office, getting here without a car can be difficult but if you can, you won't find better soba. All their dishes are homemade, the atmosphere is traditional and the service is fantastic. Six decades of experience finessed into Yabu Soba today.

## **Echigoya**

Echigoya is a yakiniku (grilled meat) restaurant where you cook for yourselves at the table.

With reasonably priced meals, Echigoya is always busy, the pro tip is to call ahead. If you don't speak Japanese then get someone to call on your behalf before making the 15 minute drive towards Joetsu.
